ABOUT ME

I started programming by contributing to the **Pardus** project. I worked as a backend developer on the **web** for a long time. Then I developed Android **mobile** applications. I am currently working on my hobby **game** and **blockchain** projects.

EXPERIENCE

- **Coachfrog AG** **Oct 2015 - Present**
Senior Software Engineer Berlin, Germany
Core developer of the project sanasearch.ch from the beginning. Sanasearch is a Swiss based search engine, booking system and online meeting platform for finding the therapists.
- **Radity GmbH** **Jul 2012 - 2018**
Co-Founder, CTO Istanbul, Turkey
Built tech startups, created digital products, and put together tailored development teams for startups and grownups. SwissLife, Sherpany, and Coachfrog are some of the companies that I worked for.
- **Markafoni** **Oct 2011 - Jun 2012**
Software Developer Istanbul, Turkey
Worked in Zizigo ERP project. My first task was to send a notification mail to the customers about pending orders in Markafoni.
